

Event Schedule

Welcome, General.

The Outpost Live 2024 crew would like to welcome you to our special annual event.

This year we will start with a never seen before 4vs4 Challenge. We will also have our very own Free-For-All Tournament with a prize pool that is already **greater than €2,000**. There will also be a Beer Pong Tournament hosted by BlarStarCast. Make sure to get in touch with him to get all the details. Beyond this, we recommend that you strike up a conversation with other guests, who will likely be planning their own LAN sessions or mini-tournaments.

Although we mainly focus on C&C Generals Zero Hour, we recommend that you pre-install the following games on your laptop or PC before arriving at the event:

- Age of Empires II Def. Ed., IV
- Among Us
- Command & Conquer 3
- Counter-Strike 2 (Free-to-play)
- Left 4 Dead 2
- Rocket League (Free-to-play)
- Splitgate (Free-to-play)
- TrackMania (Free-to-play)

In case you have any questions, you can get in touch with any of the Outpost Live 2024 crew members, either in-person or via the Community Outpost Discord server.

Please remember, we're all here to have fun. Remain respectful to other guests and our crew members, as well as to any hardware you may see or interact with.
